

Web Design

The best option for a small-to-medium business on a tight budget, the starter package delivers you the same quality, the same guaranteed level of customer service, as well as all the sort of custom-built professional web design that normally costs you thousands of dollars. These are professional web design jobs, done for you and you alone, we don't recycle our jobs, no short cuts, and no workarounds ý these are top-quality websites that literally hundreds of our happiest clients have been getting from us for years.

The Dynamic Starter Package includes:

Up to five (5) custom web design pages converted into HTML, no templates use!

A choice of one custom inquiry/contact form (with up to eight fields)

A simple Flash animation loop (usually found in the header of each page)

Integration of your existing logo (new logos can be designed for approx. \$320)

Application of your keywords and Meta tags

On page Search Engine Optimization

Up to six hours of free support after the site has been launched All of this and far more for only \$660.

That's a 17.5% saving on our normal price, and a saving of thousands of dollars over what you'd get for similar quality elsewhere. If you'd like to know more about a RiteLogics starter package, contact one of our representatives .You can also call, and our representative would call you back at the most convenient time for you to discourse your options fully.
